Program Executive Office Simulation, Training and Instrumentation (PEO STRI) Project Manager for Training Devices (PM TRADE), Product Manager for Combat Training Instrumentation Systems (PM CTIS) has a requirement for producing and fielding a wireless Range Data System (RDS). The system will provide Force on Force and Force on Target data communications support by receiving, compiling and transmitting data for small unit Live Collective Training Events. The system will connect between current and future Live Training Transformation (LT2) Product Line Exercise Control (EXCON) hardware suites and target/MILES systems via PM TRADE interfaces standards. PM CTIS will field the system for use at Ft Bliss, TX with an option for fielding at Ft Riley, KS. This effort includes deployment of the systems, initial operator and maintainer training and 1 year of depot level repair parts.

Your firm is requested to provide a Firm Fixed Price (FFP) proposal for the efforts identified in the Attachments to this letter. The delivery dates for the effort will be in accordance with Attachment 3, Section F. For informational purposes only, event milestones are provided at Attachment 10.

The Offeror shall provide the requirements identified in the attachments and comply with all required proposal submission instructions.

Request that your proposal be submitted by 2 PM EST on 1 February, 2011 as specified in Attachment 5.

If you have any questions or desire additional information, please contact the Contract Specialist, Mr. Ray Fegal, 407-208-5044.

Sincerely,

A handwritten signature in black ink that reads "Lisa C. Parker".

Lisa C. Parker
Contracting Officer
